I am Davie Mvula, one of the bursars at Likhubula Dunblane, 2022 at Nasawa Technical College (Zomba) doing auto mechanics.

Now I am doing piece work because of the lack of tools. The moment I have tools I am going to upgrade to open my own garage.

My major problem is that lack of tools because I am working, but the lack of tools is a major problem, but the moment I have I will open my garage.

Likhubula Dunblane – at the beginning, at the secondary level, on my own or with my parents I think I would never reach the point that Likhubula Dunblane done to me. So they paid the school fees and did what was needed to me until the tertiary level.

So, I'm not taking this as simple, but it is very important to me. That's why I'm saying thank you to Likhubula Dunblane as well as Scotland.
