Dear Mr Smith

I am writing to thank you for your donation of £3,640.00 in October 08, towards the Mary's Meals project in Malawi. We are very grateful to you indeed. Our work depends on donations like yours.

The Mary's Meals programme is currently providing over 300 000 children in Malawi with a daily meal in school. There are now projects located all over the country but the biggest concentration is still in the urban Blantyre area. This daily meal is making such a difference to the lives of poor children. Typically when the project starts up at a school the teachers report an increase in enrolment, less absenteeism and better exam grades. We are delighted that the work has spread so quickly in Malawi but there are many more children that remain in need.

Thank you again for your contribution towards this work. If you ever have any queries about Mary's Meals please always feel free to contact us.

Yours sincerely

*Karen Power*
