Duration: 01:17

SUMMARY KEYWORDS

Likhubula Partnership Committee, Impact of Bursary, Secondary Bursar

00:00

I'm Lawrence Baluwa, a learner at Chambe Secondary School and I'm an outgoing student – form 4.

I want to do Public Administration and Industrial Psychology which will make me to be in Administration.

I like Maths, History, Geography, Biology and also, I am good at English.

This [bursary] has helped me. At least now that I have reached Form 4. My parents couldn't afford to give me. I remember when I was selected to be a bursar of this partnership, my parents were happy because they couldn't afford to buy me stationery, books and also paying fees for me because they have not reliable income generating activity.
